Co-Curricular Guidelines

This year Honors students are asked to attend co-curricular activities which are designed to enrich and enhance their educational experience in the Honors program. These activities include: academic lectures such as the Honors Forum Lecture series, cultural and art events such as theater and symphony performances, campus involvement in clubs such as PTK, volunteer hours, academic involvement in undergraduate research, Model U.N. and other pre-approved events.

Presidents’ Honors Scholarships: Complete two (2) activities each semester.

Honors Program (Honors Achievement Award): Complete one (1) activity each semester.

The Honors Achievement Awards are made according to the number of hours completed per semester. [6-8 hours: $244, 9-11 hours:$325 and 12+ hours-$500]

For more information, go to the Rio Salado Honors website for specific details. www.riosalado.edu/honors. Also, be sure to check with the Honors Office for pre-approval before you participate in any co-curricular activity.
