

CCL in Community Dental Health Coordination Program Competencies

Academic Plan Code: 5709N

CIPS Code: 51.0504

GB Date: 10/28/14

Program Credits: 11.5

Program Description:

The Certificate of Completion (CCL) in Community Dental Health Coordination (CDHC) program is designed to provide students with a practical and theoretical basis for assisting in the reduction of disparities in dental health. Program will cover advocacy, intercultural communication, and finance in addition to dental health coordination, documentation, and reporting procedures. Legal and ethical issues will also be covered.

Program Competencies:

1. Create and maintain social networks. (CDH105)
2. Develop and implement community based oral health prevention and promotion programs. (CDH105, CDH110, CDH115)
3. Demonstrate knowledge and skills required to collect diagnostic data. (CDH105, CDH115)
4. Explain the role of the Community Dental Health Coordinator (CDHC). (CDH105, CDH115, CDH240)
5. Create and maintain social networks. (CDH105, CDH245)
6. Demonstrate effective communication skills in the healthcare setting. (CDH110)
7. Review teaching and learning skills as they apply to the dental healthcare setting. (CDH110, CDH115)
8. Demonstrate effective communication skills in the healthcare setting. (CDH110, CDH245)
9. Describe major components of care/case management. (CDH115)
10. Review legal and ethical issues related to community dental health. (CDH130)
11. Explain CDHC responsibilities in the area of dental care finance. (CDH240)
12. Demonstrate the role of advocacy within the scope of practice of the CDHC. (CDH245)
13. Identify leadership skills within community members to improve oral health. (CDH245)
14. Assess and prioritize oral and general healthcare needs and assets of the community. (CDH245)
