

## AC in K-12 Online Teaching Program Competencies

Academic Plan Code: 6236

CIPS Code: 13.0501

GB Date: 05/25/10

Program Credits: 18

### Program Description:

The Academic Certificate (AC) in K-12 Online Teaching is designed to provide K-12 teachers with a foundation for teaching online classes. Students will review online discipline issues, parental involvement and communication, and legal issues. Courses are also designed to prepare students to design and facilitate the online classroom experience. Courses may lead to Arizona Department of Education endorsement.

### Program Competencies:

1. Summarize online discipline issues. (ELN105, ELN106, ELN112, ELN113)
2. Evaluate strategies for involving parents in K-12 eLearning. (ELN107)
3. Describe parent-teacher communication issues in eLearning. (ELN107)
4. Review law and public policy related to compliance, student advocacy, and parental rights. (ELN107, ELN108)
5. Explain legal issues and regulations regarding online classrooms. (ELN108)
6. Describe phases of eLearning. (ELN109)
7. Summarize engagement strategies for K-12 eLearning students. (ELN109)
8. Explain copyright and intellectual property issues in eLearning. (ELN112, ELN113)
9. Create an online syllabus. (ELN112, ELN113)
10. Design online classroom activities. (ELN109, ELN112, ELN113)
11. Assess online activities. (ELN112, ELN113)
