The APEX Project: Arizona Providers Engaging in Excellence (APEX)

Rio Salado College, in collaboration with KAET/ASSET (Arizona State University), is initiating a coaching model for early childhood professional development. Named Arizona’s Providers Engaging in Excellence: The APEX Project has as its primary goal to advance the quality of care and education for Arizona’s children by developing and sponsoring educational opportunities for childcare personnel to improve their knowledge and skills when working in any settings (e.g., family day care homes, centers, schools).
