Credit for Prior Learning

Credit earned through Credit by Examination and/or Evaluation is transferable within the Maricopa Community Colleges. It is strongly recommended that the candidate check with his/her local college or university regarding credit transferability prior to registering for the examination/evaluation.

Candidate must be a current or former Rio Salado student to receive credit.

Candidate may NOT request:

i. To challenge a course a second time;
ii. To challenge a course while currently enrolled in the course
iii. To establish credit in a previously completed course; and
iv. To establish credit for a lower level of a course in which credit has been received.

Exceptions may be granted at some MCCCD colleges for their unique programs of study.

Certain departments may have additional requirements that must be met before credit may be granted through departmental credit by examination.

Only grades of A, B, C, D or P earned as a result of this examination will be recorded on the student's transcript. Fees are not refundable after the examination has been administered, regardless of results.

When credit is granted as outlined above, a notation of "credit by examination," a grade and the number of credits will appear on the transcript. The grade is used in computing the grade point average.

Fees are non-refundable after the examination/evaluation has been completed. Fees are subject to change without prior notice.
