Overview of Jive / GoToConnect

Jive is the phone system that Rio Salado College uses.

Jive has been acquired by GoToConnect and therefore renamed “GoToConnect (Powered by Jive)”.

Jive can be accessed via any of the following methods:

1. Web Browser
2. Jive Windows Application on a PC
3. Smartphone App

This guide focuses on accessing Jive via a web browser.

*Note that as of March 24, 2020 Jive has temporarily upgraded all accounts to include access to its video conferencing service (GoToMeeting). Feel free to continue using the video conferencing tool you are most comfortable with.

Launching GoToConnect (Powered by Jive) in a Web Browser

1. Using a web browser, navigate to my.jive.com. The following pop-up window will appear.

2. When prompted, as depicted in the image above, enter your MEID@riosalado.edu, click the checkbox next to the Keep me signed in option, and then click the Next button.

3. When prompted by the following pop-up window, be certain to click the “Sign in with Google” button instead of entering a password.
4. After successfully signing in, from the bottom left corner of the screen, click on the gear icon to the left of the “Softphone” option. From the menu of options that appears, select Settings.

5. After selecting Settings, the following window appears. From the gray panel on the left side of the window, select the Audio option. Audio settings will appear in the right pane of the window. In the Audio Settings pane, verify that the microphone, speaker, and ringer are set to the correct device. Selecting the correct microphone and speakers is essential to the application working properly.
6. Verify that the “microphone settings” are allowed on your browser. To do this, click on the tiny lock to the left of the URL as depicted below. A menu of options will appear in a pop-up window. Select the gear icon labeled Site Settings.

7. After selecting the gear icon/site settings, the following window will appear. Under Permissions, for the Microphone permission, select the “Allow” option from the down-down menu.

8. Click the Jive browser tab to go back to the GoToConnect app to test the microphone and headset volume. The meter will light up when the microphone is working.
Launch GoToConnect (Powered by Jive) on a Mobile Device

1. Download the GoToConnect mobile application from the [Apple App Store](https://apps.apple.com) (iOS devices) or from the [Google Play App Store](https://play.google.com) (Android devices).

2. If the app does not automatically launch after downloading it, launch it by locating the GoToConnect icon on your device and tap it, then tap the Sign In button.

3. Tap “continue” when prompted to use “logmeininc.com to sign in.

4. Enter your email address in the form of MEID@riosalado.edu and tap “next”.

5. When prompted by the following window, **be certain to tap the “Sign in with Google” button instead of entering a password.**

6. Enter your email address in the form of MEID@riosalado.edu and tap “next”.

7. Enter your MEID, District password, and tap “Sign in”.
8. The app should now be installed on your mobile device. To use the app, simply tap on the GoToConnect icon on your device.

**Logging in and out of a Queue**

1. To log into a queue, enter *13XXXXX (the five X’s represent the five-digit queue code) and press the call button.

2. To log out a queue, enter *13XXXXX (the five X’s represent the five-digit queue code) and press the call button.

**Troubleshooting GoToConnect**

1. Enter MEID@riosalado.edu and enter next.

2. Select “Sign in With Google”

   If the “Sign in With Google” button does not appear, click on “Don't have an account? Sign up”. When prompted, enter your MEID@riosalado.edu for in the email address field and use the corresponding District password. Login again.

3. Select MEID@riosalado.edu from the list of possible options.

4. The program should redirect to the Maricopa Gmail Sign in page to login. When prompted, enter your MEID@riosalado.edu and the corresponding District password.

5. If you continue to experience issues, please contact the Technology Helpdesk at 480-517-8600.
